WHY IAFF MERP?

Fidelity's 2024 Retiree Health Care Cost Estimate

Average 65-year-old retiring in 2024 needs \$165,000 for health care in retirement

On average, firefighters retire before 65 (generally between age 50-57) which adds to the need for additional healthcare cost funding

IAFF MERP

REIMBURSEMENT PLAN

DEFINED ELIGIBLE CLASSES

Contribution Models

- **Level Across Bargaining Unit** – all members contribute same amount
- **Tiered Based on Length of Service** – Contributions increase with years of service

Example

- Less than 10 Years of Service: \$150/month
- Between 10-20 years of service: \$300/month
- 20+ years of service: \$400/month

- **Contribution levels by Date of Hire**

Example

- Members hired on or before January 1, 2010: \$150/month
- Members hired after January 1, 2010: \$300/month

IAFF MERP
MEDICAL EXPENSE
REIMBURSEMENT PLAN

CONTRIBUTION AMOUNT

Contribution amount must be the same across the entire bargaining unit (or Defined Eligible Class)

- Minimum contribution is \$75/month*. There is no maximum contribution limit.
- Current contributions range from \$75/month to \$800/month, commonly between \$150-\$300/month.
- Percentage of pay is permissible if tied to a specific step pay level (Ex: 2% of TSFF).
- Contributions can be monthly or per pay period (24, 26)

* Trust can accommodate contributions that are *not* in multiples of \$25

IAFF MERP
MEDICAL EXPENSE
REIMBURSEMENT PLAN

ACTIVE SERVICE UNITS

How is the Monthly Benefit determined?

Your monthly benefit is based on the total number of Active Service Units (ASU) accrued throughout your career.

One (1) ASU is earned for every \$25 contributed to the plan on your behalf.

Example: \$200/month contribution = 8 ASU per month (or 96 ASU per year)

THE UNIT MULTIPLIER

How is the Monthly Benefit determined?

The Unit Multiplier (UM) is actuarially determined based on plan design/assumptions, contributions, administrative expenses, plan demographics and investment performance.

The UM can, and will, change over time.

$$\text{Your Monthly Benefit} = \text{ASU} \times \text{UM}$$

Effective 7/1/2015, the UM is \$0.41

SAMPLE MERP BENEFITS

Estimated Monthly Benefit (UM = 0.41)					
<u>Monthly Contribution</u>	<u># of ASU per Month</u>	<u>10 Years</u>	<u>15 Years</u>	<u>20 Years</u>	<u>30 Years</u>
\$100	4	\$196.80	\$295.20	\$393.60	\$590.40
\$200	8	\$393.60	\$590.40	\$787.20	\$1,180.80
\$300	12	\$590.40	\$885.60	\$1,180.80	\$1,771.20
\$400	16	\$787.20	\$1,180.80	\$1,574.40	\$2,361.60

Above Benefit Levels assume a Limited Survivor Benefit option is chosen.

SAMPLE CALCULATIONS

Fire Fighter #1 - \$200 contribution for 10 years

$\$200 = 8 \text{ ASU per month} \times 12 \times 10 \text{ years} = 960 \text{ ASU}$

$960 \times .41 = \$393.60 \text{ monthly benefit}$

Fire Fighter #2 - \$200 contribution for 10 years; Local votes to increase contribution to \$300 and FF contributes this for 5 years; 15 total years of contributions

$8 \times 12 \times 10 \text{ years} = 960 \text{ ASU}$

$12 \times 12 \times 5 \text{ years} = 720 \text{ ASU}$

$960 + 720 = 1,680 \text{ total ASU} \times .41 = \$688.80 \text{ monthly benefit}$

Fire Fighter #3 - \$200 contribution for 10 years; Local votes to increase contribution to \$300 and FF contributes this for 15 years; 25 total years of contributions

$8 \times 12 \times 10 \text{ years} = 960 \text{ ASU}$

$12 \times 12 \times 15 \text{ years} = 2,160 \text{ ASU}$

$960 + 2,160 = 3,120 \text{ total ASU} \times .41 = \$1,279.20 \text{ monthly benefit}$

IAFF MERP
MEDICAL EXPENSE
REIMBURSEMENT PLAN

CONTRIBUTION VS BENEFIT PAYOUT

Fire Fighter #1 – Contributed \$24,000 throughout their career and receives a benefit of \$393.60/month.

$$\$24,000 / \$393.60 = 61 \text{ months}$$

Fire Fighter #2 – Contributed \$42,000 throughout their career and received a benefit of \$688.80/month.

$$\$42,000 / \$688.80 = 61 \text{ months}$$

Fire Fighter #3 – Contributed \$78,000 throughout their career and receives a benefit of \$1,279.20/month.

$$\$78,000 / \$1,279.20 = 61 \text{ months}$$

Based on the current UM (\$0.41), if you access your full benefit for *just over five (5) years*, you will receive 100% of your active monthly contributions* back in benefit payout.

* Does not apply to converted Lump Sum Transfers

REIMBURSEMENT PLAN

LIFETIME BENEFIT ELIGIBILITY

To be eligible for the Lifetime Benefit, Retiree must:

- Be at least 53 years old*,
- Have at least five (5) years [or 60 months] of contributions, and
- Have separated service from the participating employer group

***Early Benefit Access:** MERP allows early access (prior to age 53) of benefit with the following criteria:

- You must meet your State's definition of Retirement or Disability Retirement
- Your Early Benefit will be based on an actuarial table which reduces your lifetime monthly benefit - actuarial value of the benefit is the same as if you had waited until age 53
- Electing to take your MERP benefit early is optional – members can choose to wait until age 53 when their benefit will be whole

IAFF MERP
MEDICAL EXPENSE
REIMBURSEMENT PLAN

LIFETIME BENEFIT ELIGIBILITY

What if Retiree doesn't have five (5) years of participation?

COBRA

- Post-tax, self-payments for up to 18 months

Short Service Benefit

- You have access to a benefit for the reimbursement of Covered Expenses until you have recouped all contributions made to the plan on your behalf. There is no lifetime benefit.
- Short Service benefits may start immediately upon separation

Lump Sum Transfers (Requires Local bargaining language)

- Lump Sum Transfer (ex: sick / vacation leave) can be converted into Active Service Units
- Can only be used to buy "Active Service" when converted at separation
- Employee (or Retiree) must be prohibited from receiving any portion of the Lump Sum Transfer in cash

IAFF MERP
MEDICAL EXPENSE
REIMBURSEMENT PLAN

LUMP SUM TRANSFERS

Local may add contractual language allowing for pre-tax Lump Sum Transfers into MERP

Eligible Lump Sum Transfers include:

- Non-Elective Sick and/or Vacation Leave
- Any other Lump Sum Transfer on behalf of Eligible Employee (or Retiree) that is pursuant to a Collective Bargaining Agreement or other similar written agreement

Employee (or Retiree) must be prohibited from receiving any portion of the Lump Sum Transfer in cash

IAFF MERP
MEDICAL EXPENSE
REIMBURSEMENT PLAN

LUMP SUM TRANSFERS

Local can define % of Sick / Vacation Leave – same rule must apply to all members while language is in place

- Leave may be transferred annually or at separation
- Leave may be used to purchase COBRA at \$25/ASU
- Local may offer members a choice between transfer to MERP or to Deferred Comp (or VEBA, if available) – a cash out option can not be offered

LUMP SUM TRANSFERS

Lump Sum Transfers may come across to MERP in two ways (elected by individual at the time of transfer):

Option 1: Conversion to ASU - The cost per ASU is determined by member's age at the time of conversion. This option *increases* the **Lifetime Monthly Benefit**.

Option 2*: Lump Sum Transfer to **Individual Account**. Funds in the Individual Account can be accessed immediately following retirement.

***Lump Sum Transfers do not purchase "time" in MERP unless converted to ASU (at separation only)**

DEFAULT - if Not Positively Elected

- **Under Age 40 at time of Transfer:** Full amount will be converted to ASU using the age conversion table
- **Age 40 or older at time of Transfer:** Full amount of Lump Sum will be transferred to the Individual Account.

LEAVE TRANSFER EXAMPLE

Fire Fighter with \$15,000 (tax-free) of leave to convert into MERP at separation, retiring at age 53, with active contributions of \$150 / month at the time of separation

Option 1: Conversion to ASU

- Retiree elects COBRA @ \$150 / month for 18 months: $\$2,700 / \$25 = 108$ ASU
- **Remaining Cash Value to Convert:** $\$12,300 / \$63.72^* = 193$ ASU
- Fire Fighter receives 301 additional ASU from sick leave cash value; equates to another \$123.41 added onto the Lifetime Monthly Benefit

Option 2: Transfer to Individual Account

- Retiree would have access to the entire \$15,000 cash value on day 1 of retirement

Option 3: Hybrid Conversion

- Retiree elects COBRA for 18 months using \$2,700 to purchase 108 ASU
- Remaining \$12,300 is transferred into the Individual Account
- Lifetime Monthly Benefit is increased by \$44.28 / month
- This option is only available at separation

MEDICAL EXPENSE
REIMBURSEMENT PLAN

MERP has six (6) established investment options
