## Bell, wreath and axes

This logo has been streamlined to its core elements: the axes, a final bell, and a golden wreath. The font remains clean and highly legible, even at a smaller scale.

Additionally, we present a version featuring the words "Honor," "Duty," "Sacrifice," and "Courage" within each of the four sections of the cross. Alternatively, another version removes these words, making them more legible as a tagline positioned under the Foundation's name.
