

# WSCFF 2022 ELECTION ENDORSEMENTS

*"Our lives begin to end the day we become silent about things that matter."*

— Martin Luther King, Jr.

Our vote is our voice, and as professional fire fighters and union members, we should be shouting from the rooftops to protect our health and safety, safeguard our wages, hours and working conditions, and defend our right to collectively bargain. With our ballots, we can make our voices heard.

Official endorsements are made by either WSCFF convention action or recommendation of the WSCFF Legislative Team. We suggest you fill out your ballot as soon as you receive it and return it immediately — preferably to a ballot drop box (see your county elections website for locations) or in the mailbox. No postage is required on Washington ballots.

There are many policy areas where the WSCFF does not take a stand. In advocating for more than 8,500 members on the front

lines, we judge candidates on their positions on: pension funding and security, local government budgets, health and safety, labor and collective bargaining, fire department operations, wildland firefighting, and any other topic that directly affects our members at work.

Below are our endorsed candidates. We support those who support us. You may have a deeply held conviction that steers you into supporting someone else, and we acknowledge that. These endorsements are not made lightly and in some cases are the result of decades-long working relationships, voting records, and histories of advocacy for fire fighters specifically and union members more broadly. Not all races have a candidate who has earned our endorsement. We ask you to give the listed candidates your strong consideration and your vote.
